Re: 2027 Subscriptions to the Experience Modification Service (NY Mods)

Members of the Rating Board and Stakeholders:

I write to provide you with 2027 subscription information for the experience modification service for non-members of the Rating Board (*e.g.*, brokers, agents) ("NY Mods").

By way of brief background, NY Mods provides non-members with the ability to access New York State employers' experience modification factors. Other information, such as classification, issue date, and effective date, is also available for review on the selected record. Insurer members of the Rating Board can access this information via the Rating Board's Manage Data application.

As of the spring of 2022, non-member subscribers to the NY Mods application can utilize their user credentials to log into the Mod Estimator application and save their work. In addition, as of July 1, 2025, non-member subscribers to the NY Mods application can utilize their user credentials to log into the CPAP Estimator application and save their work.[1]

Non-members of the Rating Board who wish to subscribe to NY Mods in the 2027 calendar year must register for the NY Mods application or renew their subscription. The 2027 NY Mods subscription fee is $2,750 for an account profile that can be utilized by all staff within a subscribing company. The subscription fee is non-refundable and will not be pro-rated for mid-year subscribers. Please note that current subscribers will be able to retain their user-id and passwords.

For access to NY Mods in the 2027 calendar year, please complete a registration form and submit payment via credit card or debit card at https://www.nycirb.org/expmod-form.

---

[1] All insurer members of the Rating Board are provided with user profiles to access the Mod Estimator and CPAP Estimator applications and need not take any action at this time.

Non-members of the Rating Board who do not subscribe to the NY Mods application will have access to the public version of the Mod Estimator and CPAP applications without the ability to save their work.

NYCIRB

Should you have any questions concerning subscriptions, please contact Ms. Victoria Reyes at (212) 697-3535 ext. 152 or at accounting@nycirb.org.

Very truly yours,

Jeremy Attie
President and CEO
