Re: New York Workers Compensation
   New York Construction Employment Payroll Limitation Corrections

This bulletin supplements R.C. 1917 and R.C. 1920 which introduced the New York Construction Employment Payroll Limitation Program. Please note the following corrections:

1. R.C. Bulletin 1917
   a) On the first page of the Explanatory Memorandum, under Rule V.G.1, Code 5645 should be substituted for Code 5651.
   b) On Page 13-a, Code 5651 was inadvertently omitted from the list of codes subject to payroll limitation. The final printed Page 13-a, which will be distributed at a later date, will include Code 5651.

2. R.C. Bulletin 1920

   The table of classification codes subject to payroll limitation and contained in the booklet distributed with the captioned bulletin, has been amended. The label attached to this bulletin now shows all of the codes subject to payroll limitation and can be placed over the codes shown in the current booklet. Any booklets that are distributed by the Board in the future will contain the correct table of codes.
