To the Members of the Board  
Re:  Master Alphabetical Classification Index (MACI) 2001 Edition

The Board is pleased to announce the completion of the 2001 edition of the Master Alphabetical Classification Index (MACI) which will be available for distribution at the end of this month. This guide, which has proven to be an invaluable reference tool for the application of the proper workers compensation classification, was originally developed several years ago by the Rating Board and has since become an important source of information in a number of other jurisdictions.

The new edition of the MACI contains several additional cross-references and expansion of many current entries and includes, as well, class assignments for topics such as Internet cafes, Karaoke machines and after-school programs which were not contemplated in earlier editions.

The price for this version of MACI is $25 for members and $50 for non-members. It may be ordered by completing and mailing the attached order form to the Board along with the appropriate payment. Unlike previous editions of MACI, this version will be in a loose-leaf type of format (three-hole punched) and allow for updates at several junctures. Updates to the 2001 edition will be provided to subscribers at no additional charge. Also, it is the Board’s intent to include MACI on the secure portion of the Board’s Internet site at some point in the foreseeable future.

If you have any questions concerning the availability and distribution of the 2001 MACI, please contact the Accounting Division at extension 152 or 153.

Very truly yours,

Monte Almer

President
