To the Members of the Board

RE: New York Workers Compensation
Miscellaneous Manual Page Amendments

The Rates Committee has adopted and the New York State Insurance Department has approved amendments to various manual pages to provide rule clarification and clarification for application of certain classification codes in the New York Workers Compensation and Employers Liability Insurance Manual. Explanations of the amendments are shown below. An issue date of January 1, 2007 has been established for these changes.

a. New York Construction Classification Premium Adjustment Program

In August of 2006, the application and instructions for the New York Construction Classification Premium Adjustment Program (CPAP) were updated to clarify and minimize the number of common questions employers have when attempting to complete the application. The changes included an explanation of limited payroll, a change of Policy “Inception” Date to Policy “Effective” Date, a note to inform the employer that executive officers’ wages are not required if they are excluded from coverage and additional instructions for short-term policies. However, Rule IX.I–Construction Classification Premium Adjustment Program of the New York Manual and the New York Construction Classification Premium Adjustment Program Explanatory Endorsement (WC 31 03 19C) were not updated to reflect these amendments.

Attached are amended Pages R-54 and R-56 and endorsement WC 31 03 19D which reflect the changes previously made to the application and instructions.

Also attached is an amended Page R-1 that shows the most current version of WC 31 03 19 which is a mandatory endorsement that is required to be attached to each policy.
b. **Code 4431 – Phonograph Record Mfg.**

In reviewing recent changes made in other jurisdictions, it was noted that additional phraseologies were given for Code 4431 to show that this code also applies to the manufacture of other forms of visual and data recording media. Since these types of media are currently assigned to Code 4431 in New York as well, the Classification section was amended to include phraseology for digital or magnetic recording and storage media as shown on Pages C-25 and C-51.

c. **Code 5606 – Executive Supervisors**

The classification phraseology and footnote for Code 5606 – Contractor–Executive Supervisor were amended to include the types of individuals and criteria for assigning this classification. Since the amended footnote contains the same information as shown in the Digest of Rulings and Interpretations section of the New York Manual, the entry for Code 5606 in the Digest was eliminated.

Attached are Pages C-23, C-31 and D-35 that show the changes for Code 5606.

d. **Code 8001 – Florist Store & Drivers**

Page D-60 of the Digest of Rulings and Interpretations section of the New York Manual has been amended for Code 8001 to clarify that bushes and wreaths are an inclusion under this classification.

e. **Codes 8031 and 8021 – Meat Fish or Poultry Store – Retail and Wholesale**

The Classification section of the Manual, under Stores, currently contains an entry for a Meat, Fish or Poultry Store. To be consistent with other entries under Stores, a cross-reference has been included for a Fish, Meat or Poultry Store and one for a Poultry, Meat or Fish Store as shown on Pages C-86 and C-87.

f. **Code 8072 – Book Stores**

Code 8072, which includes businesses such as bookstores, video stores and magazine and newspaper stores, became effective on October 1, 2005. At that time, an entry for the Digest was not included in the New York Manual.

The existing cross-references were amended for clarity and new entries for magazine, newspaper and sheet music stores are now included in the Manual for Code 8072.

These amendments are shown on Pages C-85, C-86, C-87, C-88, D-65 and D-74.

g. **Codes 8854 and 9051 – Health Care Services**

The phraseology for these two codes currently states “Home Health Care Services.” The scope of these classes is to assign them to health care professional and non-professional employees who perform services either in a client’s residence or in a nursing home, hospital or school provided they are not employees of these facilities. The fact that ‘Home” is currently included
in the phraseology has caused numerous inquiries and disputes since it is interpreted by some that these classifications apply only to home health aide individuals.

To clarify the application of these codes and minimize the confusion, amendments to the phraseology is shown on Page C-42. Please note that Home Health Care Services was formerly shown on Page C-43. Pages C-42 and C-43 were amended to show Health Care Services in its proper alphabetic order.

h. Rules and Procedures – Digest of Rulings and Interpretations

Section I–Rules and Procedures of the Digest has been amended for clarification of certain Rating Board procedures as shown on Pages D-1, D-2 and D-3.

- Rule A.1.e–Classifications Requiring Specific Approval has been amended to change “Classification Division” to “Underwriting Services.”
- Rule A.1.f–Non-Experience Rating Risks has been amended to clarify when approval for the use of a classification is required for non-experience rated risks.
- Since the Rating Board has changed its file number conventions, Rule F–Material Sent to the Rating Board has been amended to include instructions for reporting either the Coverage ID or the Combinable ID.

Printed manual pages will be distributed as they soon as they become available.

Very truly yours,
Monte Almer
President

RULE I—GENERAL

A. WORKERS COMPENSATION

Workers Compensation as used in this manual means workmen's compensation, workers
compensation or occupational disease.

B. STANDARD POLICY

Standard Policy means the standard provisions Workers Compensation and Employers Liability
Insurance Policy and the Information Page approved by the New York State Insurance Department.
Every policy affording coverage under the New York Workers' Compensation Law must have the
following endorsements attached:

- WC 31 03 08 - New York Limit of Liability Endorsement;
- WC 31 03 19D - New York Construction Classification Premium Adjustment Program
  Explanatory Endorsement;
- WC 00 01 13 - Terrorism Risk Insurance Extension Act Endorsement
- WC 00 04 19 - Premium Due Date Endorsement;
- WC 00 04 21A - Domestic Terrorism, Earthquake and Catastrophic Industrial Accidents
  Premium Endorsement
- WC 00 04 22 - Foreign Terrorism Premium Endorsement

Exception: The Standard Policy shall not be used to provide coverage for employees subject to the
New York Volunteer Firefighters' Benefit Law or the New York Volunteer Ambulance
Workers' Benefit Law. Such coverage can be afforded only by means of a Volunteer
Firefighters' Benefit Law Policy or a Volunteer Ambulance Workers' Benefit Law Policy,
respectively.

C. ENDORSEMENT FORMS

Endorsement forms means authorized endorsements listed in the Alphabetical List of Endorsements
in Part Four of this manual. All endorsements must be used in the form prescribed in this manual.

D. POLICY AND ENDORSEMENT FORMS

Refer to the Policy Forms and Authorized Endorsement section of this manual for a complete
description of coverages and instructions on use of policy and endorsement forms.

E. APPLICATION OF MANUAL RULES

Rules apply separately to each policy, except as allowed by Rule VII—Premium Discount.

F. EFFECTIVE DATE

1. Manual

   This manual applies only from the anniversary rating date which occurs on or after the effective
date of this manual.

2. Changes

   The effective date of a change in any rule, classification or rate is 12:01 a.m. on the date
specified on the manual page. Any change will be issued on a reprinted page and will be
designated by a ★. Unless specified otherwise, each change applies only from the anniversary
rating date which occurs on or after the effective date of the change.
3. Form of Endorsement

A policy written under this deductible program shall attach the New York Benefits Deductible Endorsement (WC 31 03 15A) and shall state the appropriate deductible amount.

4. Exclusion

Policies written to provide Ex-Medical coverage, under Rule IX.E., are not eligible for inclusion under this deductible program.

I. CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT PROGRAM

1. Explanation

The New York Construction Classification Premium Adjustment Program provides for a premium credit, for up to one year, for a policy which contains one or more construction classifications.

2. Application

The application must be received by the Rating Board six (6) months prior to the policy renewal effective date. The Rating Board will accept and process an application if it is received between the policy effective and expiration date, however, it must be accompanied by a letter stating the reason for the delay. Under no circumstances will an application be accepted for any policy if it is received after the expiration date of the policy. For short-term policies, the application must be received prior to the expiration date of the short-term policy. If it is received after the policy expiration, no credit will be calculated.

3. Credit Determination

   a. The insured shall submit the required payroll and hours worked information to the Rating Board for calculation of any applicable credit.

   b. The basis for determining the credit is the limited payroll of each employee for the number of hours worked (excluding overtime premium pay) for each construction classification (other than employees engaged in the construction of one or two-family residential housing) for the third quarter, as reported to taxing authorities, for the year preceding the policy date. Total payroll is to continue to be reported for employees engaged in the construction of one or two-family residential housing.

   **NOTE**: Limited Payroll for commercial work means the weekly maximum (currently $750 per week) for work on structures other than one or two-family dwellings in accordance with the Payroll Limitation Law. If you perform commercial work under any eligible code(s) enter each employee for the weekly maximum only and their total hours worked (ex. 13 weeks @ $750 per week = $9,750 total wages).

   If the insured did not engage in operations for the complete quarter, then the last complete quarter prior to policy year inception shall be used or, if there was no complete quarter of operations prior to the policy inception, then the first complete quarter after policy inception shall be used.
4. Experience Modification

The policy must be experience rated to be eligible for this program.

5. Audit

a. The carrier shall, upon audit, verify the information that was submitted by the insured and used in the calculation of the credit. If the carrier discovers an error in the original request for policy credit, the revised information must be submitted to the Rating Board for recalculation.

b. If the insured does not furnish records to verify the payrolls and hours worked originally submitted and used in the calculation of the credit, there shall be no credit applied to the policy.

6. Information Page

The credit, authorized by the Rating Board, shall appear on Item 4 of the Information Page.

If a credit has not been authorized for the insured, the value of "0.00" is to be shown on the Information Page.

7. Form of Endorsement

The New York Construction Classification Premium Adjustment Program Explanatory Endorsement (WC 31 03 19D) shall be attached to each policy.

8. Notification to Insured

Carriers are required to use a standardized text letter to notify all their insureds who have one or more construction classifications on their policy that they may be eligible for a premium adjustment credit. A copy of this form must be filed, by each carrier, with the Rating Board prior to the carrier’s implementation of the program.

9. Statistical Code

J. RATE TRANSITION PROGRAM

This program applies to insureds previously rated under certain classifications that have been discontinued. It does not apply to new risks or any other programs. The Rating Board will identify affected insureds and will notify the carriers of the insureds who are subject to the program. It is then the responsibility of the carrier to administer the program for manual rates on an ongoing basis.

The manual rate published on the rate pages may not apply to each insured upon renewal of a policy which was previously written on a discontinued code. For the first year after the elimination of a code, the manual rate for an insured will be equal to a 4-1 weighting of the rate used prior to the discontinuance of the code and the newly published rate. For the second year, a 3-2 weighting is used. A 2-3 weighting is used for the third year and a 1-4 weighting is used for the fourth year. The transition program does not apply after the fourth year.

Refer to Section III of the Digest of Rulings and Interpretations to determine the application of the appropriate restaurant and/or bar classification.

### DEBRIS REMOVAL – Construction or Erection

Applies to specialty contractors engaged in removing construction or erection debris provided they are not engaged in construction or erection operations. Code 5610 also applies to debris removal employees of a construction or erection contractor provided that the payroll for the cleaners, timekeepers and watchguards is greater than all other payroll of the employer subject to construction or erection classifications at the same job or location. Code 5610 can be applied to debris removal employees that are working on different floors of the job site that have already been completed by the tradespersons or to debris removal employees after the tradespersons left for the day provided their payroll meets the criterion.

Timekeepers and watchguards employed by construction or erection contractors are present during the construction or erection operations. Watchguards also work nights, weekends and holidays to assure that vandalism and theft does not occur.

This code does not apply to cleaner/debris removal employees working in conjunction with the tradespersons. Such employees are considered laborers and subject to the same classification as the tradesperson.

The removal of debris left by a demolition contractor, shall be classified as Code 6217 “Excavation NOC & Drivers.”

A. POLICY WRITING

1. Classifications

   a. Authorized Classifications

      Authorized classification(s) are classifications that are shown on a rate card promulgated by the Rating Board. The top portion of the rate card shows the classification(s) that are authorized by the Rating Board. The classification(s) for every policy issued for a risk must be written in strict accordance with the classification(s) shown on the rate card. If the rate card for the current term of insurance has not been issued and a previous rate card exists, the policy must be written with the classification(s) shown on the existing rate card. In the case of construction or erection risks, any appropriate construction or erection classification, subject to verification at the time of audit, may be used provided that the phrase "Miscellaneous Contracting Classifications" is authorized on the current or previous rate card.

   b. Non-Authorized Classifications

      Except as noted above, no other classification(s) can be used other than standard exception classifications, provided the classification(s) authorized for the risk do not include standard exception classification employments in their phraseologies. Classifications shown on the lower portion of the rate card are used in the calculation of the experience rating modification and may or may not be authorized. Refer to a. above for Authorized Classifications.

   c. Change of Operation or Location

      The Rating Board is to be notified, in writing, of any change in the operation or location of a risk which may affect the classification. Details of the change in operations, as well as the carrier’s comments, should be brought to the Rating Board’s attention for a determination of the proper classification(s). Any policy written with classification(s) not authorized by the Rating Board, will be issued a Notice of Criticism informing the carrier of the authorized classification(s).

   d. A-Rated Classifications

      If a risk is subject to a classification with a symbol (a) rate, the policy must be written on a "rate to be determined" basis. When submitting a policy written with an a-rated classification, a letter describing the insured’s operations should be sent to the Rating Board. Any policy written with an a-rated classification which does not include a letter describing the insured’s operations is subject to disapproval.

   e. Classifications Requiring Specific Approval

      If a risk is subject to a classification which contains a footnote requiring specific Rating Board approval prior to its use, the classification cannot be applied to the policy until a determination of the proper classification is made by the Rating Board. A letter describing the insured’s operations and requesting approval of the classification is to be forwarded to the Rating Board to the attention of Underwriting Services.
SECTION I  Issued January 1, 2007  1st Reprint

f. Non-Experience Rated Risks

A policy for a non-experience rated risk may be written in accordance with classification procedures contained in this manual, as supplemented by rulings and interpretations published in the Digest or in bulletins issued by the Rating Board. For these risks, prior Rating Board approval to use a specific classification is not required unless the classification(s) is an a-rated classification, the classification requires specific Rating Board approval or the classification(s) has been authorized for the risk.

2. Experience Rated and Merit Rated Risks

If the Rating Board has promulgated either an experience rating or merit rating factor, a carrier is required to issue a policy with the applicable factor. Refer to the New York Experience Rating Plan Manual for rules and procedures applicable to the Experience Rating Plan and the Merit Rating Plan.

B. WRITTEN INQUIRIES

The Rating Board will respond to written inquiries received from the insured, the insuring carrier or the agent or broker of record for a particular risk, provided there is evidence of coverage for the policy term in question, and also if such inquiry is received within twelve months of the expiration date of the policy term in question. All other individuals must furnish the Rating Board with a letter of authority from the insured, on the insured’s stationery, authorizing such individual as its representative.

Note: The Rating Board will not consider a change in classification(s) or rate(s) for a risk that may have been improperly classified when the inquiry is received at the Rating Board later than twelve months after the expiration date of the policy term in question.

C. TELEPHONE INQUIRIES

The Rating Board will discuss, over the telephone, matters such as classification assignments, manual rule interpretations, ownership rules, experience modifications and merit rating factors relating to an individual insured only with the insuring carrier, the agent or broker of record or the insured. All other individuals must furnish the Rating Board with a letter of authority from the insured, on the insured’s stationery, authorizing such individual as their representative.

General inquiries, not regarding a particular risk, are answered by a Rating Board employee who is knowledgeable in the specific nature of the call.

Comments or views expressed by the Rating Board relating to an individual risk are not binding and must be regarded as advisory suggestions.

D. NOTICE OF CLASSIFICATIONS CHANGED BY THE RATING BOARD

When a change in classification is warranted following a routine, random or requested inspection of a risk, the change in classification is effective for the term of insurance in effect at the time the inspection was conducted as well as for the current term of insurance, if not the same. The Rating Board is also permitted to make a change in classification for the twelve-month period preceding the actual date of inspection if the change is warranted for such term of insurance.

Notification of the change will be given to the insurance carrier(s) that insured the risk for the term(s) of insurance that are affected by the change. If the carrier(s) disagree with the Rating Board’s determination, the carrier(s) may request, in writing, a reevaluation of the classification assignment stating the reason(s) for their disagreement.
E. POLICY CHECKING

The Rating Board, as part of its policy examination process, checks policies to verify that they have been properly written using rules, forms of coverage, procedures and rates contained in the various manuals published by the Rating Board. A letter of criticism will be sent to a carrier if the policy issued by that carrier is not written correctly. The receipt of a policy, at the Rating Board, without disapproval, does not imply that the Rating Board has approved the policy as written.

F. MATERIAL SENT TO THE RATING BOARD

It is essential that all material submitted to the Rating Board contain the complete name of the insured, whether or not the material is a policy, endorsement, cancellation, reinstatement or correspondence. The name of the insured is essential as it is used to identify the Rating Board’s record of an insured. The complete name of the insured on all documents will avoid material from being returned requesting additional information.

It is requested that a carrier not issue a policy using the term "et al" as the name of the insured when a risk covers several entities. If, however, a policy must be issued with the insured’s name as "et al," an endorsement must be attached to the policy listing the individual insured name(s).

The Rating Board assigns unique numbers to each employer. The first number is a seven-digit “Coverage ID” and the second number is a nine-digit “Combinable ID.” The handling of correspondence and other inquiries will be handled more expeditiously if either the Coverage ID or the Combinable ID and carrier policy number are referenced.

Material sent to the Rating Board should be addressed to the attention of an individual or department, if known, to ensure prompt handling.

G. RESPONSES TO RATING BOARD LETTERS AND CRITICISMS

Carriers are required to respond to criticisms within the time period shown on the criticism letter to avoid penalties for non-compliance. Prompt responses to letters or requests for additional information will avoid follow-up letters and additional delays in resolving a particular matter or issue.

Note: Responses should be specifically addressed to the Rating Board person who sent the criticism letter.

Section 2313, Subdivision (q) of the New York Insurance Law requires the Rating Board to notify the Superintendent of Insurance of any case in which an insurer does not, within sixty days, furnish satisfactory evidence to the Rating Board of the correction of any error or omission previously called to its attention by the Rating Board. Section 2315, Subdivision (e) also makes it an offense, punishable by fine imposed by the Superintendent of Insurance, for any carrier who willfully withholds information from or furnishes false or misleading information to the Rating Board. Refer to Rule F. “Incorrect Underwriting” of the Administrative Rules and Procedures section of the Manual.

NEW YORK CONSTRUCTION CLASSIFICATION PREMIUM ADJUSTMENT PROGRAM
EXPLANATORY ENDORSEMENT

The New York Construction Classification Premium Adjustment Program (NYCCPAP) allows premium credits for some employers in the construction industry. These credits exist to recognize the difference in wage rates between employers within the same construction industries in New York.

The declarations section of this policy will show a credit of 0.00% if you are not eligible for this credit, or if you are eligible for this credit and have not yet applied for a credit. Credits are earned for average wages in excess of $15.50 per hour for each eligible class. If your policy shows one of the following classification codes, and you are experience rated, you are eligible to apply for an NYCCPAP credit:

0042 5057 5193 5429 5491 5606 6003 6229 6306 7855
3365 5059 5213 5443 5506 5610 6005 6233 6319 8227

5040 5190 5428

The basis for determining the credit is the limited payroll of each employee for the number of hours worked (excluding overtime premium pay) for each construction classification (other than employees engaged in the construction of one or two-family residential housing) for the third quarter, as reported to taxing authorities, for the year preceding the policy date. Total payroll is to continue to be reported for employees engaged in the construction of one or two-family residential housing. For example:

If you have any eligible classes on your policy, you should have been notified by your insurance carrier or the New York Compensation Insurance Rating Board approximately nine months prior to the inception date of this policy. If you believe you may be eligible for a credit and have not received an application, you should immediately contact your agent, insurance carrier, or the New York Compensation Insurance Rating Board.

Credits are calculated by the New York Compensation Insurance Rating Board. You must submit a completed application to: Attention: Field Services Department, New York Compensation Insurance Rating Board, 200 East Forty-Second Street, New York, New York 10017.

Applications must be received by the Rating Board six (6) months prior to the policy renewal effective date. The Rating Board will accept and process an application if it is received between the policy effective and expiration date, however, it must be accompanied by a letter stating the reason for the delay. Under no circumstances will an application be accepted for any policy if it is received after the expiration date of the policy. For short-term policies the application must be received prior to the expiration date of the short-term policy. If it is received after the policy expiration, no credit will be calculated.

The New York Workers Compensation and Employers Liability Insurance Manual, and not this endorsement, govern the implementation and use of the NYCCPAP.
