R.C. 2273

To: The Members of the Board

Classification of Recreational Vehicles and Campgrounds
Effective Date: May 9, 2011

The Underwriting Committee of the New York Compensation Insurance Rating Board has authorized, and the New York State Insurance Department has approved, an amendment to the New York Workers Compensation and Employers Liability Manual regarding clarifying language for the classifications involving Recreational Vehicles and Campgrounds.

This change was made in order to better explain assignment of hospitality and retail operations within Campground facilities. To clarify the classification applicability and make distinction of those activities, a new entry and footnote was crafted for classification code 9029. This footnote specifies when this code would apply to campgrounds and recreational vehicles and the situations where it would not be applied.

The pages modified and affected by this change, in the NY WC & EL Manual, are attached for your reference, and are as follows: 1) Classification Section, Pages C-17, C-56, C-70, and C-93; and 2) page D-56 from the Digest section which has been amended to omit the entry for Trailer Camp or Trailer Park Operations, Code 9020, which is no longer appropriate.

You will also find these revised pages updated accordingly in the on-line version of the Manual, which is available via our website at: www.nycirb.org.

Very truly yours,

Monte Almer

President

WVT:tg
Encl.
CABLE MFG. –insulated electrical
   Separately rate wire drawing as Code 1924 or Code 3241.

CABLE MFG. or Wire Drawing—NOT IRON or STEEL

CABLE or Wire Rope MFG. –IRON or STEEL
   Separately rate wire drawing as Code 1924 or Code 3241.

CAISSON WORK–ALL OPERATIONS to completion
   Includes pile driving, excavation, masonry or concrete work. Applies to all employees working under air pressure and all others engaged in or upon the caisson or the apparatus connected therewith.
