Re: Presentations, Reports, and Studies
2021 Workers' Compensation Forum

Members of the Rating Board:

I write to invite you to view video recordings of the presentations made at the 2021 Workers' Compensation Forum, along with the associated reports and studies, on the Rating Board's [website](#). These videos include (a) a message from the Chair of the Board of Governors; (b) my opening remarks; (c) the 2021 State of the System presentation; (d) an update on the New York State economy from Dr. Erica Groshen, a Senior Labor Economics Advisor at Cornell University; (e) the 2021 Pandemic Impact Study presentation; and (f) a learning session on upcoming changes to the New York experience rating program.

We hope that those who joined our 2021 Forum found it worthwhile, and that those who were unable to attend benefit from the videos and studies referenced above, all of which are posted on the Rating Board's website.

We look forward to hosting you next year at the 2022 Workers' Compensation Forum.

Very truly yours,
